Year 3 Science: Plant eaters, meat eaters and both: teeth, beaks and food

Name: _____ Date: _____

Try these without your notes first, then check the answer key.

Practice

1. An animal has wide, flat back teeth for grinding. Is it a herbivore, a carnivore or an omnivore?

2. A bird has a hooked beak and sharp claws. What does it eat?

3. A bear eats berries and fish. Which group is it in?

4. Why does a kiwi have a long, thin beak?

5. A butterfly has a tongue like a long straw. What does it eat?

Fix the mistake

6. Correct this statement: "Big animals must be meat eaters."

7. Correct this statement: "Omnivore means it eats anything at all."

8. Correct this statement: "All birds eat seeds."
