Year 2 Science: Materials: natural or made, and how they bend and break

Name: _____ Date: _____

Try these without your notes first, then check the answer key.

Practice

1. Is wool natural or manufactured?

2. Is a brick natural or manufactured?

3. In Room 7's test, what happened to the ice block stick?

4. You crush a cracker into crumbs. Are the crumbs still cracker?

5. Does the air in a balloon take up space?

Fix the mistake

6. Correct this statement: "Air is nothing, so it does not take up space."

7. Correct this statement: "Paper is natural because it comes from trees."

8. Correct this statement: "When rock turns into sand, the rock is gone."
